

KEY

- Print Bleed
- Box Outline
- Fold Lines

INSTRUCTIONS

- Make sure your background extends all the way to the green bleed line. Otherwise, you may have white space in your design.
- Please reference the sample to see REQUIRED FDA information for your box.
- The front flap folds over the back and tucks into the slit on the back of the box.
- Ensure your important elements (text, etc.) do not extend into folds.
- Turn off all un-wanted layers before you export and upload!!!!

FDA REQUIREMENTS

- Must have weight of product as "12oz (340g)"
- Must have "100% Roasted Coffee" listed on front.
- Must have words "Manufactured for: YOUR LEGAL BRAND"
- Must have legal address
