- PLEASE NOTE: Please call for more details if another decoration method is desired. Check with airlines for cabin luggage dimensions and weight allowance. To Clean: Clean with a soft, damp cloth. For stains, we suggest a luggage cleaner or a mixture of equal parts water and isopropyl alcohol. Avoid using cleaning products containing bleach. Adhesive lint rollers work great to remove lint and dust. To Store: Store your luggage in an upright position in a dry location. Avoid storing luggage in extreme temperatures. To conveniently save space, all sizes from this collection nest (fit neatly) inside each other. Just open the largest suitcase and set the smaller size(s)—with the wheels facing the same direction—inside. Close lids and zip the outermost bag closed. When you're not out there exploring the world, we recommend keeping your luggage covered while being stored. Available in other sizes! Please see [34003](#) for more information.
