- LEAD TIME: 15 business days after proof approval.
- PACKAGING: Bulk.
- FOB ZIP: WA, 98032
- PLEASE NOTE: To Clean: To keep your luggage clean and beautiful for years to come, use a soft sponge or cloth, water or any mild household detergent. Avoid using cleaning products that contain bleach, acetone, ammonia as well as coarse and abrasive sponges that can damage the finish of your hardside case and may discolor the fabric on your softside bag. For sticky zippers, this can be caused by dirt, debris or years of use; we recommend using warm water and a small amount of dish soap and scrub your zippers. Remember to completely rinse and dry them afterwards. this will remove any debris and you can also use the lead of a pencil to gently rub the zipper teeth, which in turn will act as a dry lube on the zipper. To Store: Store your luggage in an upright position in a dry location. Avoid storing luggage in extreme temperatures. To conveniently save space, all sizes from this collection nest (fit neatly) inside each other. Just open the largest suitcase and set the smaller size(s)—with the wheels facing the same direction—inside. Close lids and zip the outermost bag closed. When you're not out there exploring the world, we recommend keeping your luggage covered while being stored.
